#### Who we are:

The Supportive Housing Network of New York represents over 200 nonprofit organizations that develop and operate supportive housing across the state. With offices in New York City and Albany, the Network is the only supportive housing membership organization in New York State. It is the voice of the provider community that has created by far the largest, and most innovative supportive housing stock in the nation.

Established in 1988, the Network's membership continues to expand alongside the rapid growth of supportive housing. It now includes almost every supportive housing provider in the state, as well as over 130 affiliate and corporate partners. Thanks in part to the Network's efforts to promote the supportive housing model, there are now over 48,000 units of supportive housing in New York State.

## Conference at a Glance

Join us for the 15<sup>th</sup> Annual New York State Supportive Housing Conference, the largest supportive housing conference in the nation. The conference will again be held at the **New York Marriott Marquis**, in the heart of New York City.

The conference will have three breakout sessions and nearly two dozen panels. Workshops will explore a wide variety of topics, including several on the intersection between healthcare reform and supportive housing – working with MCOs, how to find and house high-cost Medicaid recipients as well as a new model weaving on-site healthcare into supportive housing services; development and financing panels featuring innovative upstate and downstate models; a raft of workshops for staff including an Evidence Based Practice for hoarding, modifying supportive housing as tenants age, how to support staff, and using story-telling and meditation in working with tenants. The conference will also feature panels on ending veteran homelessness, a city policy discussion on approaches to ending homelessness and new opportunities for re-entry housing.

The conference will include forums featuring nearly all the City and State agency leaders that work in the ever-growing supportive housing field, giving participants an opportunity to discuss emerging policies that will impact our community.

The New York State Supportive Housing Conference is the single best place for supportive housing's leaders to learn what is going on in our world. We expect some 1,400 guests this year and will hear from more than 100 experts, innovators and leaders in the field. Do not miss this opportunity that comes only once a year! We look forward to seeing you on June 4th!
