**Who we are:**

The Supportive Housing Network of New York represents over 200 nonprofit organizations that develop and operate supportive housing across the state. With offices in New York City and Albany, the Network is the largest supportive housing membership organization in the country. It is the voice of the provider community that has created by far the largest and most innovative supportive housing stock in the nation.

Established in 1988, the Network's membership continues to expand alongside the rapid growth of supportive housing. It now includes almost every supportive housing provider in the state, as well as over 140 affiliate and corporate partners. Thanks in part to the Network's efforts to promote the supportive housing model, there are now over 50,000 units of supportive housing in New York State.

## Conference at a Glance

Join us for the 17<sup>th</sup> Annual New York State Supportive Housing Conference, the largest supportive housing conference in the nation. The conference will again be held at the **New York Marriott Marquis**, in the heart of New York City.

This year, the conference will focus on how our community will implement Mayor de Blasio's and Governor Cuomo's collective commitments to creating 35,000 units of supportive housing over the next fifteen years. There will be panels on how to fill the gaps left by uncertainty in the Low Income Housing Tax Credit market and financing preservation projects. We'll have panels on promoting leadership among people of color, federal policy, and different approaches to effective property management. Additional workshops will cover partnering with faith-based organizations, alternative approaches to resolving conflict, dealing with domestic/intimate partner violence, and more. Back by popular demand are the participatory movement and meditation workshops and hoarding expert Lee Shuer to talk about bringing the Buried in Treasure approach into supportive housing.

The New York State Supportive Housing Conference is the single best place for supportive housing's leaders to learn what is going on in our world. We expect 1,500 guests this year and will hear from more than 100 experts, innovators and leaders in the field.

We look forward to seeing you on June 1st!
