Timeline:

- PRI became an OOPP in January 2017
- Prioritized programs with highest rates of OD
- Rolled out to all shelters, housing programs and physical/behavioral healthcare programs
- Incorporating training of all staff at HR orientation

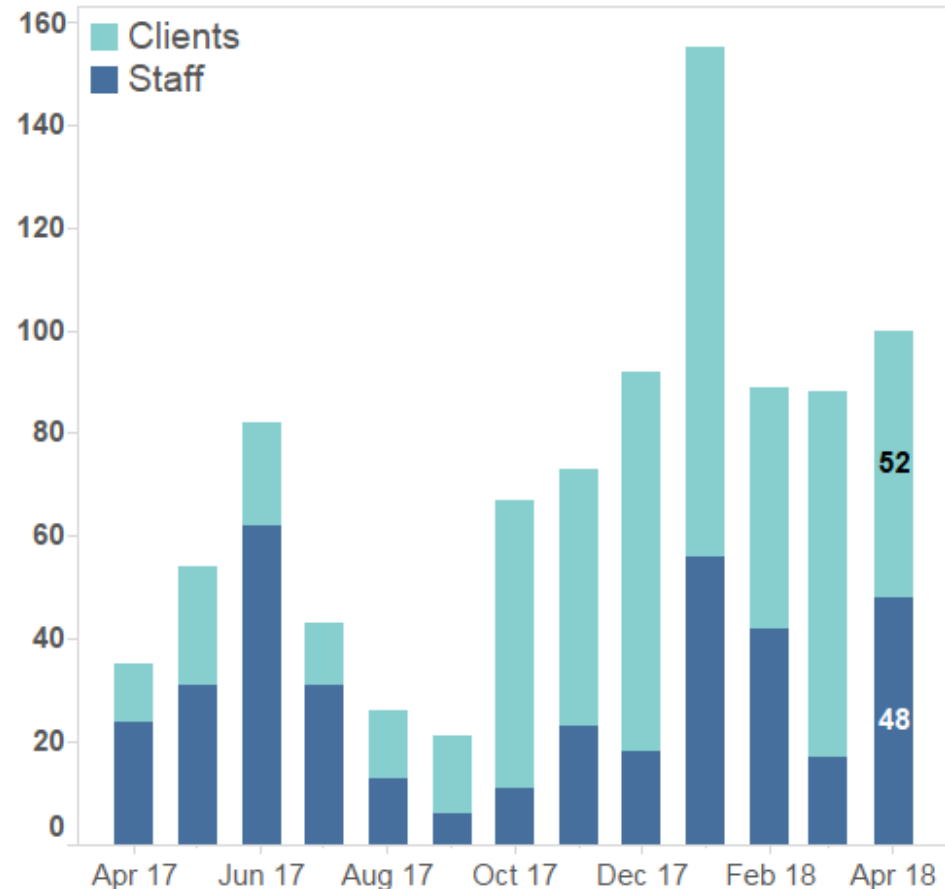

Number of Reversals

| FY 17 Q4 | FY 18 Q1 | FY 18 Q2 | FY 18 Q3 | FY 18 Q4 |
|----------|----------|----------|----------|----------|
| 10 | 12 | 19 | 27 | 13 |

Naloxone Training

| FY 17 Q4 | FY 18 Q1 | FY 18 Q2 | FY 18 Q3 | FY 18 Q4 |
|----------|----------|----------|----------|----------|

OOPP Challenges

- Toll of frontline staff
- Multiple reporting requirements
- Goals to expand program to include multiple recovery coaches (peers) for engagement after OD/referral to ongoing treatment
- Lack of adequate funding

Access to Buprenorphine

Enhancing Coordination between:

- Ambulatory Detox Program
- The Recovery Center (Article 32)
- FQHC/Primary Care Clinic (Article 28)
- Long-Term Rehabilitation
- Expansion: models, funding challenges

Renewing lives. Reclaiming hope.
