Roadmap of CAPS in NYC

Coordinated Assessment Survey

- Universal assessment tool to determine potential eligibility for housing and/or rental subsidies
- Available to all users of the PACT system
- Mandatory at all DHS single adult assessment and program shelters before beginning a 2010e application as of 1/23/2018
- Used by hospitals, jails, psychiatric centers, shelters, drop in centers, street outreach, HASA, DYCD providers and more

Early Findings 9/5/17 – 5/31/18

- New users added to PACT: **2,406**
- Total PACT users: **12,937**
- Total surveys completed: **10,217**
- Total potentially eligible for housing: **98%**
- Total potentially eligible for SH: **50%**
- Clients with prior 2010e application: **33%**

Standardized Vulnerability Assessment (SVA)

Category/ Vulnerability	Medicaid Service Utilization within the past year	# of System Contact and # of Functional Impairments within 2 years
High	Top 5% of Medicaid Utilization	At least 3 System Contacts <u>and</u> 3 Functional Impairments
Medium	Between 55% and 95% of Medicaid Utilization	At least 2 System Contacts <u>and</u> 2 Functional Impairments
Low	Below 55% of Medicaid Utilization	At least 1 System Contact <u>and</u> 1 Functional Impairment or NONE

Early Findings 9/5/17 – 5/31/18

- SVA implementation: **January 23, 2018**
- Applications with SVA: **75% of all applications have it now**
- SVA distribution of High/Medium/Low: **16%/43%/41%**
- Additional criteria are being developed for youth, families with children and DV survivors
- Approval rate for 2010e applications submitted after completing a Survey is 83%, higher than the average

Referral and Placement

Things to remember

- We are at the beginning of an iterative process
- We have an evaluation committee dedicated to identifying gaps in the system and in the vulnerable populations we serve
- The intention of CAPS is to make the system more efficient and transparent
- Low SVA **DOES NOT MEAN** your client won't be referred
- It is CRITICAL to complete the 2010e correctly
